MEMORANDUM FOR: Comptroller
FROM : John P. Blake
Deputy Director for Administration
SUBJECT : Facilities Consolidation Study

1. In fulfillment of tasking contained in the Financial Guidance Letter for FY-76 to this Directorate, there is submitted the attached "Facilities Consolidation Study."

2. To be brutally frank, I am somewhat disappointed in the results produced by this particular group. I suspect that collectively they were motivated by parochialisms as opposed to objective and constructive thought.

3. I suggest you familiarize yourself with it and in the near future I will sit down and discuss the matter with you.
